

V2PW Crew:

- Patsy - Program Lead
- Evelyn - Tech/Web Lead
- Judy - Research Lead
- Joann - Public Affairs
- Barb - Historical Lead
- Chris - Events Lead

Background :

V2PW group started as a result of the tear down and proposed apartments to be built in the area formally known as Hacienda Hills Country Club. Two Tennis Courts, Swimming Pool, TikiBar, Restaurant, Golf Shop were all removed by the developer and Apartments are planned to be built. These changes are not reductions in Amenities you pay for monthly, but Villagers can become Country Club Members via additional yearly fee. If HHCC “ran its course” and being replaced by Apartments, where is next?

ACTION PLAN:

1. **Entire Villages:** We need to leverage the strength of the entire Villages, including Brownwood and Fenney. Subscribe online. There are a lot of angry Villagers there too! Broken Promises. The 3rd Gen Developers are decreasing our Lifestyle features in the older Villages. Leverage future sales with reputation impact. Buyers should know the past Lifestyle reductions by the 3rd Gen Developers, to make an informed purchase. See BUYERS CHECKLIST online.
2. **Legal and Governing Actions:** We are communicating with legal and governing bodies.
 - **N of 466:** Residents need to ensure the next AAC members can stand against the 3rd Gen Developers and represent the people. The goal is for the 3rd Gen Developers to work with Villagers if changes need to be made to existing or promised Lifestyle features.
 - **Property Owners Association (POA):** Know and understand that the POA is the only body within TV that represents Village residents/owners. Join if you have not.
 - **City / County:** Need to be continuously plugged into the municipalities relative to TV.
3. **Organization:** Organized into a work breakdown work package structure that divides the work into teams.
4. **Support & Logistics:** Tech support, signage, handouts, golf carts, researchers.
5. **History:** Villages historians who can document the Broken Promises to date.
6. **Publicity & Marketing:** Feed information to local news, Orlando, and other FL news sources. More buyers come from within FL every month than from any other state. See the BUYERS CHECKLIST online.
7. **Peaceful Respectful Protest:** Must be PEACEFUL & NON-CONFRONTATIONAL! One bad video could ruin our work!
